

As the United States celebrates its 250th Anniversary, the role of African Americans is vital to the establishment, growth and continued progress of this nation. 2026 marks a century of national commemorations of Black History as noted by the founders of the Association for the Study of Negro Life and History (ASNLH). The Miami Dade County Black Affairs Advisory Board (BAAB) along with various community-based organizations, recognizes this month by paying homage to the African American Diaspora through a series of events and programs.
